Organization Faults Maintenance System

Online student complaint and feedback system is the web based feedback collecting system from the students and faculty and HOD and principal to Chairman. We have developed Student Staff Feedback System to provide complaints, feedback in an easy and quick manner to the college principal and Hod's. So we call it as Student Staff complaint and Feedback System which delivers via the student staff interface as online system which acting as a Service Provider. By using this technology we can make fast complaint and feedback about the staff and all from college by students on time to head of departments as they referred in online system. By using this technology we can give complaint feedback in online system as fast as compare to the existing paper feedback system. This project has four kinds of users Student, Staff, Hod's, and Principal. The student can give feedback in online system provided by college staff. The existing system carries more time to do a piece of work for this reason the online system feedback is implemented. Students will fill online feedback using a standard form. In this project security is also maintain that is the result of complaints and feedback is only visible to authentic user. This complaints and feedback report was checked by the Hod's.
